We recommend two different parent support groups that are meeting in the East Valley and one in the Northwest valley. They are:

E.V.A.N (East Valley Autism Network) organized by Katie Wride (wridetrib@cox.net), Holly Reycraft (hreycraft@cox.net), and Melissa Van Hook (kavh1129@cox.net). These three individuals are very dedicated, caring, organized and connected to the broader network throughout the valley. Meetings occur monthly in the homes of one of the network members in the Gilbert area.

P. A. N. I. C. (Parents Autism Network in Chandler) organized by Kate McIntosh (kmcintosh05@yahoo.com). This group has been active in addressing school-related issues encountered by families in the Chandler School District. The group meets monthly, and oftentimes has an invited speaker.

Northwest Valley Autism Support group meetings are organized by Shelly Vin (Shelly.vin@cox.net). This group is located in the Deer Valley School District area.
